- 1. A patch for covering a portion of the anatomical surface of a living being, said patch being able to adhere to the skin or mucosa, and/or a wound, said patch comprising a backing layer and a layer of a skin-friendly adhesive for adhering to the skin or mucosa, said adhesive comprises hydrocolloid particles, wherein at least along the periphery of the patch the thickness of the adhesive layer is $20-300 \, \mu m$ and the vapour permeability of the patch is $200-1000 \, g/m^2$ and the absorption of the patch is $40-600 \, g/m^2/6h$.
- 10 2. A patch according to claim 1, wherein the patch has a substantially uniform thickness.
 - 3. A patch according to any of the preceding claims wherein the absorption of the patch is $50-400 \text{ g/m}^2/6\text{h}$.
 - 4. A patch according to any of the preceding claims wherein the thickness of the adhesive layer is 30-200 $\mu \text{m}.$
- 5. A patch according any of the preceding claims wherein the vapour permeability of the patch is 300-800 g/m².
 - 6. A patch according to any of the preceding claims wherein the hydrocolloid particles have a size being substantially less than $125 \mu m$.
- 7. A patch according to any of the preceding claims wherein the hydrocolloid particles have a size being substantially less than 50 μm.
 - 8. A patch according to any of the preceding claims, wherein the patch has a reflectance lower than 5.
 - 9. A patch according to any of the preceding claims wherein the backing layer is a polyurethane film.

19

PCT/DK2004/000821

- 10. A patch according to any of the preceding claims wherein the backing layer has a thickness of less than 30 μ m.
- 5 11. A patch according to any of the preceding claims wherein the adhesive layer is uninterrupted.
 - 12. A patch according to any of the preceding claims wherein the patch comprises an absorbent pad.

10

WO 2005/051333

- 13. A patch according to any of the preceding claims wherein the patch comprises one or more cavities.
- 14. A patch according to any of the preceding claims, wherein the patch furthercomprises one or more active ingredients.
